7. Explanation of the Change:

Accreditation standards through the Commission on Collegiate Nursing Education (CCNE) for the Doctor of Nursing Practice (DNP) program requires the distinction of doctoral level clinical hours
Program Forms: Substantive Program Modification Form (Last Revised 08/2016) Page 5 of 6

to meet criteria in the American Association of Colleges of Nursing (AACN) DNP Essentials (2006). The proposed addition of 3 credits of NURS 875: DNP Intensive will meet this requirement. NURS 626: Research in Nursing and Healthcare has been removed from the program requirements. Upon a thorough review, the faculty concurred that NURS 626 content was duplicated in both NURS 850: Philosophical and Theoretical Foundations for Evidence Based Care and NURS 855: Translational Research in Healthcare.
