1. Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum.

Currently, the pharmacy skills laboratory is a co-requisite of the pharmacy practice courses. New accreditation standards, student learning outcomes, and Entrustable Professional Activities require greater emphasis on skill development and assessment. Separation of the pharmacy skills laboratory into a separate course will allow greater focus on application of pharmacy skills and patient care principles. It also allows greater flexibility in laboratory activity design and sequencing.

2. Note whether this course is: Required Elective

3. In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course?

No impact on other majors or programs is anticipated.

4. If this will be a dual listed course, indicate how the distinction between the two levels will be made.

NA

5. Desired section size 28

6. Provide qualifications of faculty who will teach this course. List name(s), rank(s), and degree(s).

Brittney Meyer, Pharm.D., Associate Professor of Pharmacy Practice
Alex Middendorf, Pharm.D., Assistant Professor of Pharmacy Practice
Dan Hansen, Pharm.D. Associate Professor of Pharmacy Practice

7. Note whether adequate facilities are available and list any special equipment needed for the course.
A pharmacy skills laboratory with the equipment needed to teach this lab is available. A remodel of the pharmacy teaching lab space is planned to optimize instruction.
8. Note whether adequate library and media support are available for the course.
Library resources and media support is adequate for this course.
9. Will the new course duplicate courses currently being offered on this campus?
 Yes No
If yes, provide justification.
10. If this course may be offered for variable credit, explain how the amount of credit at each offering is to be determined.
NA
