Nursing Major Courses

A special track has been developed for RN Upward mobility. The nursing major has been designed for the RN to include those content and skill areas that are still needed by the RN to complete the baccalaureate level of nursing. The courses are designed to eliminate repetition of knowledge and skill that the RN associate degree graduate has already achieved.

Semester 1:

Nurs 222	Transition to B.S. in Nursing	1
Nurs 381	Family & Communication	3

Semester 2:

Nurs 385	Health Assessment, Clinical Decision Making & Nursing Intervention	5
Nurs 454	Leadership & Management	3

Semester 3:

Nurs 416	Community Health Nursing	5
Nurs 474	Nursing Research and Nursing Theory	3

RN-MS and RN-DNP students substitute Nurs 615, Advanced Practice Nursing: Introduction to Roles and Issues in place of Nurs 454, and Nurs 626, Research Methods for Advanced Practice Nurses, in place of Nurs 474.

Nursing major courses which are validated as a result of completing required courses include:

Nurs 215	Professional Nursing	2
Nurs 265	Nursing Assessment & Intervention	4
Nurs 280	Professional Communication	3
Nurs 310	Intro to Public Health/pop based nsg	4
Nurs 325	Beginning Nursing Care Clients w/Health Problems	6

All transfer students must have a minimum of 64 university level credits to graduate from the baccalaureate nursing program. Total transfer credits for work at a junior or community college or two year technical college/institution may not exceed one-half of the hours required for completion of the baccalaureate degree at SDSU.
