

Statistics Course Information

South Dakota State University Graduate Nursing Program requires that ALL applicants have successfully completed an approved statistics course within the 5 years preceding application to the program.

Successful completion is defined as:

1. Undergraduate level course – grade of ‘C’ or higher
2. Graduate level course – grade of ‘B’ or higher

Applicant Name: _____

1. Have you successfully completed an [approved statistics course](#) within the 5 years preceding this application to the SDSU Graduate Nursing Program? Yes No

If YES, please complete the following:

- a. Course Number / Name _____
- b. Name of Institution course was taken _____
- c. Semester / Year course was completed _____
- d. Grade Received _____

Note: An official transcript that reflects completion of the above listed course must be requested from the institution and sent directly to NursingCAS. If documentation is not provided or course not approved to meet admission requirements, the applicant will be required to complete an approved course prior to program admission OR during the first semester of p m coursework*.

(*if applicant is offered admission to the program)

2. If you answered ‘NO’ to question #1, please provide the following information:

- a. Course Number / Name that you plan to enroll in / complete _____
- b. Name of institution offering the course _____
- c. Date / Semester you will be enrolled in the course _____ Anticipated completion date _____
- d. If the course is not listed on the [SDSU Approved Statistics course](#) list, have you obtained course approval from the SDSU Graduate Nursing Academic Advisor? Yes No

*Note: Prior approval of statistics courses (not listed on the approved list) is recommended prior to enrollment in the course. The SDSU Graduate Nursing Program reserves the right to not accept courses that do not meet course equivalency and rigor for admission to the program.
