SPECIAL DIET FORM

Important! Select the applicable meal modification category from the three listed below. Then, carefully read and follow the procedures for that category. The school/agency will return incomplete Medical Statements to the parent/guardian. It is recommended that you keep a copy of the completed form. If you have any questions about this form, contact the school/agency.

Definitions: An ‘agency’ on USDA Child Nutrition Programs might be a school, child care center, adult day care center, child care home, sponsoring organization, or institution. A ‘participant’ on USDA Child Nutrition Programs would be a student, child, or adult (in a day care setting) who receives meals at an agency.

Note to Parent/Guardian/Participant: As stipulated in FNS Instruction 783, Rev. 2, Section V Cooperation: When implementing the guidelines of this instruction, food service personnel should work closely with the parent(s) / guardian(s) / participant or responsible family member(s) and with all other medical and community personnel who are responsible for the health, well-being and education of a participant with a disability that affects the diet to ensure that reasonable accommodations are made to allow the individual’s participation in the meal service.

1. Special Diet Order due to a disability:
   - A school/agency is required to provide a special diet prescribed by a licensed physician to accommodate a participant’s disability. See the ‘Definition of Disability’ on the back of this form.
   - Part B of this form must be completed by a licensed physician (MD or DO).
   - Parts A and C of this form must also be completed before the school/agency can provide a special diet.
     - The special diet required for a disability will continue until a licensed physician requests that the modification be changed or stopped.
     - It is strongly recommended that a licensed physician annually update the special diet order.

2. Special Diet Request due to a food allergy, food intolerance or other medical condition that does not rise to the level of a disability:
   - A school/agency has the option to provide a special diet requested by a recognized medical authority due to a food allergy, food intolerance or other medical condition that does not rise to the level of a disability.
   - Part B of this form must be completed by a medical authority who is a licensed physician (MD or DO), physician’s assistant (PA), Certified Nurse Practitioner (CNP), Certified Nurse Midwife (CNM), Registered Dietitian (RD), and Licensed Nutritionist (LN).
   - For questions about recognized medical authorities, contact the school/agency.
   - Parts A and C of this form must also be completed before the school/agency can provide a requested special diet (determined on a case by case basis).
   - If provided, the requested special diet will continue until a recognized medical authority requests that the modification be changed or stopped.
   - It is strongly recommended that a recognized medical authority annually update the special diet request.

3. Substitution for fluid cow’s milk due to lactose intolerance, allergy, vegan diet, religious, ethical, or cultural reasons:
   - A school/agency has the option to make a substitution for fluid cow’s milk that is requested by a parent/guardian, but is not prescribed by a medical authority.
   - Parts A and D on this form must be completed before the school/agency can make a substitution for fluid cow’s milk.
   - If a school/agency chooses to provide such a substitution, they will continue until a parent/guardian requests that the substitution be changed or stopped.

42 USC § 12102 – DEFINITION OF DISABILITY

(1) Disability

The term “disability” means, with respect to an individual—

(A) a physical or mental impairment that substantially limits one or more major life activities of such individual;

(B) a record of such an impairment; or

(C) being regarded as having such an impairment (as described in paragraph (3)).

(2) Major life activities

(A) In general

For purposes of paragraph (1), major life activities include, but are not limited to: caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

(B) Major bodily functions

For purposes of paragraph (1), a major life activity also includes the operation of a major bodily function, including but not limited to: functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

(3) Regarded as having such an impairment

For purposes of paragraph (1)(C):

(A) An individual meets the requirement of “being regarded as having such an impairment” if the individual establishes that he or she has been subjected to an action prohibited under this chapter because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity.

(B) Paragraph (1)(C) shall not apply to impairments that are transitory and minor. A transitory impairment is an impairment with an actual or expected duration of 6 months or less.

Definition of Recognized Medical Authority (per SDCL 36-2-2 and the Dietetics and Nutrition Practice Act, 36-10B)

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:
