Course Description:
Introduction to pharmacy and the role of the pharmacist within the contemporary health care team. Also includes introductory material relating to U.S. Health Care and medical terminology.

Section 2. Review of Course

Will this be a common or unique course? (select the appropriate option below)

X This course will be a unique course. (Go to Section 3.)

Section 3. Other Course Information

1. Are there instructional staffing impacts?

X No, schedule management.

Explanation:
1. In the fall of 2012, SDSU revised the IGRs to include a 2 credit first year seminar (PHA 109 – First Year Seminar – Pharmacy) This replaced the 1 credit PHA 101 which focused specifically on pharmacy career information.

2. The Pharm.D. curriculum is set up with 2 years of pre-pharmacy work; 2 years of undergraduate pharmacy work resulting in a BS in Pharmaceutical Science; then 2 years of graduate work for a PharmD.

3. Some students entering the PharmD program as first year pharmacy students in the fall of 2012 will already have received a bachelor’s degree and will not need to earn the BS in Pharmaceutical Sciences to progress to the third year of the PharmD program.

4. These students, who have already earned a BS degree, do not need to complete the IGRs if they do not intend to earn the BS in Pharmaceutical Sciences. However, they do need to learn about the profession. Therefore, this career specific information will be placed in the PHA 101 class. Only the students who already earned a degree and do not want to earn a BS in Pharmaceutical Science will take PHA 101.
2. Existing program in which course will be offered:  PharmD

3. Proposed instructional method:  B - Competency-based, Self-paced Study
   Provide a brief justification: This course will involve students viewing recorded lectures.

4. Proposed primary delivery:  online

5. Term in which change will be effective:  Spring 2013

6. Can this course be repeated for additional credit?  No

7. Will the grade for this course be limited to S/U (pass/fail)?  Yes  No

8. Will section enrollments be capped?  Yes, maximum per section 25

9. Will this course be equated (i.e. considered the same course for degree completion) with any other unique or common course in the course database?  Yes  No

10. Is this prefix already approved for your university?  Yes  No

Section 4. To be completed by Academic Affairs

1. University department code:  SPHARM

2. Proposed CIP code:  512001

1. Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum.

   A. In the fall of 2012, SDSU revised the IGRs to include a 2 credit first year experience (PHA 109 – First Year Seminar – Pharmacy) This replaced the 1 credit PHA 101 which focused specifically on pharmacy career information.

   B. The Pharm.D. curriculum is set up with 2 years of pre-pharmacy work; 2 years of undergraduate
pharmacy work resulting in a BS in Pharmaceutical Science; then 2 years of graduate work for a PharmD.

C. Some students entering the PharmD program as first year pharmacy students in the fall of 2012 will already have received a bachelor’s degree and will not need to earn the BS in Pharmaceutical Sciences to progress to the third year of the PharmD program.

D. These students, who have already earned a BS degree, do not need to complete the IGRs if they do not intend to earn the BS in Pharmaceutical Sciences. However, they do need to learn about the profession. Therefore, this career specific information will be placed in the PHA 101 class. Only the students who already earned a degree and do not want to earn a BS in Pharmaceutical Science will take PHA 101.

2. Note whether this course is: _____ Required _____ X_____ Elective

This course will satisfy the requirement for the pharmacy specific content in PHA 109 for students who already have a bachelor’s degree.

3. In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course?

No other majors will be affected.

4. If this will be a dual listed course, indicate how the distinction between the two levels will be made.

Not dual listed.

5. Desired section size _______ No more than 25_____

6. Provide qualifications of faculty who will teach this course. List name(s), rank(s), and degree(s).

Assistant Dean Hansen, Assistant Professor, PharmD

7. Note whether adequate facilities are available and list any special equipment that will be needed for the course.

Adequate facilities are available for this online course.

8. Note whether adequate library and media support are available for the course.

Adequate library and media support are available.

9. Will the new course duplicate courses currently being offered on this campus?

_____ Yes _____ X_____ No

10. If this course may be offered for variable credit, explain how the amount of credit at each offering is to be determined.

This will not be offered for variable credit.
