Section 1. Course Title and Description

Prefix & No:  Course Title  Credits
AT 443L-543L  Techniques III Lab  0

Course Description:
This course is designed to meet outcomes and guidelines set forth by the Education Council of the National Athletic Trainers’ Association related to prevention, evaluation and management of medical conditions and disabilities incurred by individuals involved in physical activity or sport. Students will obtain the knowledge, skill and clinical decision making to accurately assess and recognize general medical conditions (both acute and chronic), make appropriate referrals and work as part of a coordinated health care team to implement plans which allow individuals with medical conditions to participate safely in physical activity and sport.

(To be listed as a corequisite course with AT 443/543)

Section 2. Review of Course

Will this be a common or unique course? (select the appropriate option below)

X  This course will be a unique course. (Go to Section 3.)

Section 3. Other Course Information

1. Are there instructional staffing impacts?

   X  No, schedule management. Explain: addition of a lab component to an existing class

2. Existing program in which course will be offered:  BS - Athletic Training

3. Proposed instructional method:  L Lab

   Provide a brief justification: Students will be participating in psychomotor skill acquisition related to the recognition and management of general medical conditions.

4. Proposed primary delivery:  Face to face

5. Term in which change will be effective:  Fall 2013

6. Can this course be repeated for additional credit?  No

7. Will the grade for this course be limited to S/U (pass/fail)?  X  No

8. Will section enrollments be capped?  Yes, maximum per section 20

9. Will this course be equated (i.e. considered the same course for degree completion) with any other unique or common course in the course database?  X  No

10. Is this prefix already approved for your university?  X  Yes  No
Section 4. To be completed by Academic Affairs

1. University department code: SHNS

2. Proposed CIP code: 510913

Is this a new CIP code for this university? Yes X No

1. Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum.

The addition of a 0 credit lab to AT 443 would provide time necessary to introduce, practice, and evaluate psychomotor content that is necessary to complement the cognitive content currently taught in this course. The current course structure does not allow the program to fully capture this psychomotor content. Adding a 0 credit lab would not increase the cost to students as we are not proposing a lab fee, nor would it affect program workload since the current allocation would allow for an additional 1 hour meeting time per week.

2. Note whether this course is: X Required ______ Elective

3. In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course?
None.

4. If this will be a dual listed course, indicate how the distinction between the two levels will be made.
Similar to the other dual-listed courses in the athletic training education program, graduate students will be expected to complete an additional research assignment for this course.

5. Desired section size 20

6. Provide qualifications of faculty who will teach this course. List name(s), rank(s), and degree(s).

Bernadette Olson, Associate Professor, EdD in Educational Administration, MEd in Athletic Training, BS in Physical Education Studies/Athletic Training

7. Note whether adequate facilities are available and list any special equipment that will be needed for the course.

This course will be taught in SIM 122 which currently serves as the primary teaching and laboratory facility for the athletic training education program maintains priority scheduling for this facility. All necessary materials and equipment for this course are already available; no new equipment will be required.

8. Note whether adequate library and media support are available for the course.
Adequate library and media support are available.

9. Will the new course duplicate courses currently being offered on this campus?
No
