1. Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum. The Plant Science department Horticulture program is being changed to shift focus to more relevant horticultural systems currently in Urban Food programs (Greenhouse/hi-tunnels/locally produced food).

2. Note whether this course is: X Required X Elective

3. In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course? This course would also become an elective in the Agronomy major.

4. If this will be a dual listed course, indicate how the distinction between the two levels will be made. NA

5. Desired section size 6-24

6. Provide qualifications of faculty who will teach this course. List name(s), rank(s), and degree(s).
   Dr. Leo Schleicher – Professor
   Dr. Ali Shaukat – Associate Professor

7. Note whether adequate facilities are available and list any special equipment that will be needed for the course. Current facilities are adequate for the course.

8. Note whether adequate library and media support are available for the course. Current resources are adequate for the course.

9. Will the new course duplicate courses currently being offered on this campus? Yes X No

10. If this course may be offered for variable credit, explain how the amount of credit at each offering is to be determined. NA

11. Add any additional comments that will aid in the evaluation of this request. Addition of this course will strengthen the proposed Horticulture Program changes.
