Section 1. Course Title and Description

Prefix & No. Course Title Credits
AVIA 310 Individual Flight Training Variable 1-3

Course Description: This course is designed to provide additional flight training experience using a variety of aircraft and simulation sessions. Single-engine aircraft and flight training devices as well as complex/multi-engine may be used for this course to help students develop skills in crew resource management, aviation human factors, aerodynamics, performance, and aviation safety. All students wishing to participate in this course must first meet with a representative from the Aviation Program to develop specific outcomes for the course and then register. The course can be repeated for additional credit. Additional financial aid is awarded for this course for eligible students.

Registration Restriction: Instructor consent.
