Section 1. Course Title and Description
Prefix & No.  Course Title                      Credits
CM 216L    Construction Methods and Materials Lab    1

Course Description: Lab to accompany CM 216.

Section 2. Review of Course
Will this be a common or unique course? (select the appropriate option below)
X This course will be a unique course. (Go to Section 3.)

Section 3. Other Course Information
1. Are there instructional staffing impacts? No, schedule management. Explain: Lab to accompany CM 216 will be offered in lieu of CM332 Building Methods & Systems (3 credit course). The reduction in required credit hours in the program is being absorbed by CM216L (1 credit) and CM470 Capstone (2 credits). This results in zero net change in total work units for the program faculty.
2. Existing program in which course will be offered: Construction Management
3. Proposed instructional method: L - Laboratory
   Provide a brief justification: Course material is best in this format.
4. Proposed primary delivery: 001 - Face to Face
5. Term in which change will be effective: Fall 2015
6. Can this course be repeated for additional credit? No
7. Will the grade for this course be limited to S/U (pass/fail)? X Yes
8. Will section enrollments be capped? Yes, 35 maximum per section
9. Will this course be equated (i.e. considered the same course for degree completion) with any other unique or common course in the course database?
   If yes, indicate the course(s) to which it will be equated.
   Yes  X No
10. Is this prefix already approved for your university? X Yes

Section 4. To be completed by Academic Affairs
1. University department code: SCOM
2. Proposed CIP code: 15.1001
   Is this a new CIP code for this university? Yes  X No
