Course Description as it currently appears in the system course database:
City planning in the United States, planning practice and theory, urban design, and land use planning. Local planning efforts observed.

**Section 2. Modification(s) Requested**

1. **This modification will include (check all that apply):**
   - [X] A change in instructional method
   - Current: R - Lecture  
   - Revised: A – Studio Course/Small Group Instruction/Small Ensemble
   - [X] Additional minor changes also proposed at this time (enumerate below):
   - Course number to: 342
   - Course prerequisite(s) from: LA 324 to LA 341
   - Course corequisite(s) from: LA 325L to None

2. **Provide a justification for all of the changes noted.**

The revised course numbering aligns the LA offerings within the Division of Design. The prerequisite and co-requisite changes reflect the change in course numbering throughout the major. The request to change the CIP code is to accurately reflect the nature of the course.

*Current CIP Code: 04.0301  Title: City/Urban, Community and Regional Planning.*
Definition: A program that prepares individuals to apply principles of planning, analysis, and architecture to the development and improvement of urban areas and surrounding regions, and to function as professional planners. Includes instruction in principles of architecture; master plan development; service, communications, and transportation systems design; community and commercial development; zoning; land use planning; applied economics; policy analysis; applicable laws and regulations; and professional responsibilities and managerial duties.

*Proposed CIP Code: 04.0601  Title: Landscape Architecture.*
Definition: A program that prepares individuals for the independent professional practice of landscape architecture and research in various aspects of the field. Includes instruction in geology and hydrology;
soils, groundcovers, and horticultural elements; project and site planning; landscape design, history, and theory; environmental design; applicable law and regulations; and professional responsibilities and standards.
