Course Description as it currently appears in the system course database: Supervised clinical experience in a clinical chemistry laboratory. Prerequisites MLS411.

Section 2. Modification(s) Requested

1. This modification will include (check all that apply):

   X A change in course description/subject matter content (including pre- and/or co-
   requisites and/or registration restrictions)
   Revised Course Description:
   Supervised clinical practice in chemistry, urinalysis and body fluid analysis.
   Prerequisites MLS 411/411L

   Term change will be effective: Fall 2012
   academic year/term

   X Additional minor changes also proposed at this time (enumerate below):
   For a list of minor course modifications, see [http://www.sdbor.edu/services/academics/AAC/guidelines.htm](http://www.sdbor.edu/services/academics/AAC/guidelines.htm)
   Prerequisites from MLS 411 to MLS411 /411L. MLS 411L did not exist when this original course description was implemented.

   Title to: Chemistry, Urinalysis and Body Fluid Analysis Clinical Practice. Name change to reflect content addition.

2. Provide a justification for all of the changes noted.
Combines the content from MLS488 Urinalysis and Clinical Microscopy Practice into the MLS 481 Clinical Chemistry Practice consistent with the changes in MLS411 Clinical Chemistry. Provides for a reduction in clinical practice credits in order to facilitate addition of new courses within the MLS program without increasing the major requirements or need for additional faculty.
