7. Explanation of the Change:

RANG 485-485L Advanced Integrated Ranch Management and Lab will no longer be offered at SDSU. Therefore, we propose removing this course from this list of capstone options on both the Ag Communication and the Ag Leadership specializations.

Additional changes to the Ag Communication specialization include updating the photography or video production requirement to read MCOM 265/L or MCOM 331/L.

The MCOM 212 Writing for Social Media class is going away and the content is being merged with MCOM 225 Social Media Design into a new MCOM 319 Social Media Strategies course. Therefore, we'd like to remove MCOM 212 from the list of writing courses for Ag Communication students.

Last year the MCOM 490 Senior Capstone course in the Journalism department was removed from the major and not offered. Long term, the plan is to create and offer a unique capstone experience for Ag Communication students. In the meantime, the MCOM 434 Advanced Multiplatform Storytelling course that Journalism students are taking for a capstone experience will work for Ag Communication students as well. Adding this 3 credit course back into the curriculum reduces the electives for the Ag Communication specialization by 3 credits as well.
