1. Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum.

The proposed course is a core requirement for the Post-Graduate Psychiatric Mental Health Nurse Practitioner certificate. Course content is specific to the advanced psychopharmacological treatment of psychiatric symptoms and disorders, neurobiological processes, medication selection, dosage and monitoring, and prescriptive issues. This course adds a specialty content focus applicable to the proposed graduate certificate, and eventually for a MS in Nursing: Psychiatric Mental Health Nurse Practitioner specialty.

2. Note whether this course is: Required Elective

3. In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course?

None

4. If this will be a dual listed course, indicate how the distinction between the two levels will be made.

None

5. Desired section size 8

6. Provide qualifications of faculty who will teach this course. List name(s), rank(s), and degree(s).

Kay Foland, Professor, PhD, RN, PMHNP-BC, PMHCNS-BC, CNP

Mary Lou Mylant, Professor, PhD, RN, CNS

or a qualified adjunct faculty member that holds certification and licensure as a psychiatric mental health nurse practitioner.

7. Note whether adequate facilities are available and list any special equipment needed for the course.
No special equipment is needed and adequate facilities are available.
8. Note whether adequate library and media support are available for the course.
There is adequate library and media support available.
9. Will the new course duplicate courses currently being offered on this campus? Yes No
10. If this course may be offered for variable credit, explain how the amount of credit at each offering is to be determined.
