- Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum.
This elective course broadens the offerings in the Health Science minor to provide students with exposure to recent advances in reproductive health, along with opportunities to explore the emerging legal and ethical challenges. This course would be an appropriate elective for Human Development and Family Studies or as a general elective for any major.
- Note whether this course is: Required Elective
- In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course?
This course would be available as an elective to students, regardless of their major. Students who select a Health Science minor will now have an additional course from which to select.
- If this will be a dual listed course, indicate how the distinction between the two levels will be made.
N/A
- Desired section size 35
- Provide qualifications of faculty who will teach this course. List name(s), rank(s), and degree(s).
Cristina Lammers, Associate Professor, MD, MPH
- Note whether adequate facilities are available and list any special equipment needed for the course.
No special equipment needed.
- Note whether adequate library and media support are available for the course.
Adequate resources are available through Briggs Library.

9. Will the new course duplicate courses currently being offered on this campus? Yes No
10. If this course may be offered for variable credit, explain how the amount of credit at each offering is to be determined.
N/A
