Section 1. Existing Course Title and Description

Prefix & No.	Course Title	Credits
PUBH 721	Public Health Applied Practice Experience I	1

Course Description
Students will have the opportunity to build on public health knowledge gained throughout the program and develop practice-based skills that enhance individual career goals. Through course projects and community engagement, students will be able to demonstrate additional skills such as leadership, communication, and teamwork.

Section 2. Modification(s) Requested

2.1. This modification will include:

	Current	to	New
<input checked="" type="checkbox"/> Change in instructional method	<u>R - Lecture</u>	to	<u>S - Internship/Practicum</u>
<input checked="" type="checkbox"/> Grading option	<u>Letter grade</u>	to	<u>Satisfactory/unsatisfactory</u>
<input checked="" type="checkbox"/> Registration Restriction	<u>None</u>	to	<u>Admission into the Master of Public Health program</u>

Effective term of the change: Fall 2020

2.2. Add justification for all changes noted above:

The applied practice experience is a practicum-based course where students complete projects at public health practice settings supervised by a preceptor. There is no lecture-based content in the course. Therefore, an instructional method of internship/practicum matches the course delivery method. The course activities and assessments are better suited to a satisfactory/unsatisfactory grading method compared to a standard letter grade. This course is part of the practicum series for the Master of Public Health program so registration should be restricted to students who have been admitted into the program.

Section 3. Other Course Information

Will this course equate (i.e., be considered the same course for degree completion) with any other unique or common courses in the common course database (Course Inventory Report)?

- Yes No

Section 4. Department and Course Codes (Completed by University Academic Affairs)

	Current		New
<input type="checkbox"/> Change in University Department Code	<u>SPA, UHSD</u>	to	<u>No Change</u>
<input type="checkbox"/> Change in CIP Code	<u>51.2201</u>	to	<u>No Change</u>

Subject: RE: MPH Program Modification Forms

Hello All,

I have reviewed these forms for the substantive program modifications for the MPH program common courses, and think they look good. These changes are a culmination of months of hard work on the curriculum mapping and accreditation. I believe our many discussions in our accreditation workgroup, all-faculty, and curriculum and assessment committees were very fruitful.

Thanks everyone for working toward these positive changes for the next version of the MPH curriculum. Special thanks to Teresa for stewarding these changes through!

Best,
DenYelle
