System General Education Requirements

Indicate (X) the revision(s) that is being proposed (more than one may be checked).

Revision to an approved course

Addition of a course to the set of approved courses

Deletion of an approved course from the set of approved courses

Section 1. Provide a Concise Description of the Proposed Change

Update INFO/PHIL 102 Social and Ethical Aspects of Informatics to reflect INFO/PHIL 102 Data Ethics in the list of courses approved to meet SGR #3 Social Sciences/Diversity.

Section 2. Provide the Effective Date for the Proposed Change

Fall 2020.

Section 3. Provide a Detailed Reason for the Proposed Change

The University has routed a minor course modification to update the course title of INFO/PHIL 102. This request is to update the list of approved courses to meet SGR #3 to reflect the correct course title. The title change was intended to retain the same content while improving understanding of course content. Since the course was initially approved, “data ethics” has become a widely used term for the course content and now reflects a distinct field of study.
