- Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum.
ARCH 454-554 Research Studio (5 cr.) and ARCH 454L-554L Research Lab (2 cr.) are part of a coordinated vertical set of sections each Fall semester that will include students from the third, fourth, and graduate levels. The proposed course set will combine aspects of the professional curriculum previously performed in ARCH 352, ARCH 452, ARCH 461, and ARCH 422 to enable instructional synergies such that topical areas are brought under the focus of the design studio and the number of courses offered is reduced. The two courses will have independent assessment methods and one can be passed without the other.
- Note whether this course is: Required Elective
- In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course?

None

4. If this will be a dual listed course, indicate how the distinction between the two levels will be made.

All assessment for this course set will be done via portfolio submission and review. Graduate students will be held to a higher standard of graphical sophistication than their undergraduate counterparts and will be required to submit an additional set of written reflection components for the portfolio beyond the expectations of the undergraduate students.
