1. Provide specific reasons for the proposal of this course and explain how the changes enhance the											
	curriculum.  This course is needed to meet the student learning outcomes required for accreditation standards of										
	the Council of Education of the American Veterinary Medical Association.										
2.	Note whether this course is:	☑ Required ☐ Elective									
3.	•										
٥.	affected by this course?										
	None directly, although the course might be of interest to students in certain graduate programs, such										
	as Animal Science or Biological Sciences.										
4.	4. If this will be a dual listed course, indicate how the distinction between the two levels will be made. N/A.										
5.	5. Desired section size: 20-30										
	5. Provide qualifications of faculty who will teach this course. List name(s), rank(s), and degree(s).										
0.	Specific individuals have not yet been determined, but the instructor(s) will have a terminal science										
	degree (PhD or DVM).										
7	<ol> <li>Note whether adequate facilities are available and list any special equipment needed for the course.</li> </ol>										
,.	Plans are underway to develop needed facilities and acquire equipment.										
8.	8. Note whether adequate library and media support are available for the course.										
•	Plans are in progress to ensure adequate library and media support are available for the course,										
	informed by a visit to and on-going communications with the University of Minnesota College of										
	Veterinary Medicine.										
9.	9. Will the new course duplicate courses currently being offered on this campus? ☐ Yes ☒ No										
10. If this course may be offered for variable credit, explain how the amount of credit at each offer											
	to be determined.										
	N/A
