New Course Request

SDSU	College of Agriculture, Food and Environmental Sciences / Animal Science
Institution	Division/Department
Dennis D. Hedge	3/24/2021
Institutional Approval Signature	Date

Section 1. Course Title and Description

Prefix & No.	Course Title	Credits
AS 376	Performance Horse Management	2

Course Description
Management of performance horses with emphasis on obtaining optimal short- and long-term goals, achievement and success for the competitive equine athlete, along with lifetime care considerations.

Pre-requisites or Co-requisites

Prefix & No.	Course Title	Pre-Req/Co-Req?
None		

Registration Restrictions

Sophomore standing

Section 2. Review of Course

2.1. Will this be a unique or common course?

Unique Course

Prefix & No.	Course Title	Credits
AS 476-476L	Horse Production and Lab	3
EXS 350	Exercise Physiology	3

Provide explanation of differences between proposed course and existing system catalog courses below:

The Horse Production course covers horses used for pleasure, young stock and breeding, with minimal discussion related to management of horses trained and managed for performance in highly athletic events such as barrel racing or jumping. They do not cover the muscle and bone physiology, physical demands, and management requires of performance horses. The exercise physiology course focuses on the human body, not the horse.

Section 3. Other Course Information

3.1. Are there instructional staffing impacts?

No. Schedule Management, explain below: Instructor for course currently has one other course that is taught every other fall. The proposed course would be taught every other fall, in the years that the existing course (AS 370) is not. Addition of the course is within normal workload expectations and will help to equalize workload among years.

3.2. Existing program(s) in which course will be offered: Animal Science major, all specializations; Equine Studies Minor

3.3. Proposed instructional method by university: R - Lecture

3.4. Proposed delivery method by university: 001 - Face to Face Term Based Instruction

3.5. Term change will be effective: Fall 2021

3.6. Can students repeat the course for additional credit? Yes No

3.7. Will grade for this course be limited to S/U (pass/fail)? Yes No

3.8. Will section enrollment be capped? Yes, max per section: No

3.9. Will this course equate (i.e., be considered the same course for degree completion) with any other unique or common courses in the common course system database in Colleague and the Course Inventory Report? Yes No

3.10. Is this prefix approved for your university? Yes No

Section 4. Department and Course Codes (Completed by University Academic Affairs)

4.1. University Department Code: Animal Science

4.2. Banner Department Code: SANS

4.3. Proposed CIP Code: 01.0507

Is this a new CIP code for the university? Yes No

1. Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum.
A large number of SDSU students plan to have a career in the equine industry and/or participate in equine recreational activities during their lifetime. Interests in this field span a wide range of students. There are currently 76 students pursuing the Equine Studies minor, with majors including Animal Science, Agricultural Leadership, Mathematics, Psychology and others. This course will provide these horse enthusiasts the opportunity to learn about the unique care and best management practices for equine athletes. This course has the potential to attract a group of SDSU students that are not currently strongly represented in the Equine Studies minor, making it a valuable addition to the program.
2. Note whether this course is: Required Elective
3. In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course?
None, although it will be open to all majors to take the course.
4. If this will be a dual listed course, indicate how the distinction between the two levels will be made.
N/A
5. Desired section size 35
6. Provide qualifications of faculty who will teach this course. List name(s), rank(s), and degree(s).
Carmen Paulson, Instructor, Doctor of Veterinary Medicine
7. Note whether adequate facilities are available and list any special equipment needed for the course.
Adequate facilities are available and no additional equipment is needed to teach the course.
8. Note whether adequate library and media support are available for the course.
Adequate library and media support are available.

9. Will the new course duplicate courses currently being offered on this campus? Yes No

10. If this course may be offered for variable credit, explain how the amount of credit at each offering is to be determined.

N/A
