Additional Academic Requirements

A grade of “C” or better is required for all courses with a CA prefix. An 8-week full time internship is a requirement that is usually completed during the summer between the Junior and Senior year. **Students in the Family Financial Management Specialization cannot minor in Financial Counseling.**

7. Explanation of the Change:

The Consumer Science Department requirements have been incorporated into the major requirements. BLAW 350 Business Law (3 cr.) was moved from the specialization to the core requirements as it was required by both specializations within the major. CA 375 Financial Counseling and Debt Management (3 cr.) and CA 460 Financial Counseling Lab (3 cr.) were previously only required by the minor were added to the specialization. These courses were added to allow the specialization to meet the Association for Financial Counseling and Planning Education (AFCPE) requirements. The program is requesting to become a registered program by the Association for Financial Counseling and Planning Education. Registration as an AFCPE Registered Education Program provides students with the opportunity to pursue the AFC designation at a discounted rate through the University Program pathway. Additionally, since the required classes now include all the Financial Counseling Minor classes, the Department has requested to modify the academic requirements to limit students in this specialization from also earning a minor in Financial Counseling.
