New Course Request

SDSU	Agriculture, Food & Environmental Sciences / Veterinary & Biomedical Sciences
Institution	Division/Department
Dennis D. Hedge	3/24/2021
Institutional Approval Signature	Date

Section 1. Course Title and Description

Prefix & No.	Course Title	Credits
VET 631	Non-Traditional Pets	1

Course Description
General biology, behavior, husbandry, nutrition, restraint and handling, and management of common disorders of special species commonly encountered in small/mixed animal practices including mammals and basic aquarium species

Pre-requisites or Co-requisites

Prefix & No.	Course Title	Pre-Req/Co-Req?
None		

Registration Restrictions

Admission into the Professional Program in Veterinary Medicine or instructor consent.

Section 2. Review of Course

2.1. Will this be a unique or common course?

Unique Course

Prefix & No.	Course Title	Credits
None		

Provide explanation of differences between proposed course and existing system catalog courses below:

The proposed course is required for the Professional Program in Veterinary Medicine (PPVM) and the Biological Sciences (M.S.) – Veterinary Medicine Specialization. The PPVM program is a collaboration between SDSU and the University of Minnesota-Twin Cities consisting of the first two years of coursework towards the Doctor of Veterinary Medicine (DVM) degree. The new course aligns with the UMN coursework and aligns with accreditation standards.

Section 3. Other Course Information

3.1. Are there instructional staffing impacts?

No. Schedule Management: The course will be taught in a rotation with other courses for the PPVM 2+2 program.

3.2. Existing program(s) in which course will be offered: Professional Program in Veterinary Medicine (PPVM) and the Biological Sciences (M.S.) – Veterinary Medicine Specialization

3.3. Proposed instructional method by university: R - Lecture

3.4. Proposed delivery method by university: 001 - Face to Face Term Based Instruction

3.5. Term change will be effective: Spring 2022

3.6. Can students repeat the course for additional credit? Yes No

3.7. Will grade for this course be limited to S/U (pass/fail)? Yes No

3.8. Will section enrollment be capped? Yes, max per section: 25 No

3.9. Will this course equate (i.e., be considered the same course for degree completion) with any other unique or common courses in the common course system database in Colleague and the Course Inventory Report? Yes No

3.10. Is this prefix approved for your university? Yes No

Section 4. Department and Course Codes (Completed by University Academic Affairs)

4.1. University Department Code: Veterinary & Biomedical Sciences

4.2. Banner Department Code: SVBS

4.3. Proposed CIP Code: 01.8001

Is this a new CIP code for the university? Yes No

1. Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum.
This is a required course offered by the University of Minnesota Veterinary curriculum. As a result of regular curriculum review, the course is now offered in the 2nd year of the program, whereas previously it was offered in the 3rd year and no submitted with the original course request. Our students enrolled in the Professional Program in Veterinary Medicine will require the course to be admitted to the 3rd year DVM class at the University of Minnesota. This course is currently offered as an on-line modular course by UMN, and this approach may be adopted by SDSU faculty as well.
2. Note whether this course is: Required Elective
3. In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course?
None.
4. If this will be a dual listed course, indicate how the distinction between the two levels will be made.
N/A
5. Desired section size 25
6. Provide qualifications of faculty who will teach this course. List name(s), rank(s), and degree(s).
This course will be taught by a DVM with appropriate expertise and experience.
7. Note whether adequate facilities are available and list any special equipment needed for the course.
No additional facilities required.
8. Note whether adequate library and media support are available for the course.
No additional library or media support will be required beyond the already-planned cooperation with the UMN DVM program.
9. Will the new course duplicate courses currently being offered on this campus? Yes No
10. If this course may be offered for variable credit, explain how the amount of credit at each offering is to be determined.
N/A
