New Course Request

SDSU	Pharmacy & Allied Health Professions / Pharmacy Practice
Institution	Division/Department
Dennis D. Hedge	5/3/2021
Institutional Approval Signature	Date

Section 1. Course Title and Description

Prefix & No.	Course Title	Credits
PHA 330	Pharmacology for Allied Health Professions	3

Course Description
This course will discuss principles of pharmacology, including mechanism of drug action and adverse effects, for students in allied health professions majors. Applications of pharmacology to patient care will be emphasized.

Pre-requisites or Co-requisites

Prefix & No.	Course Title	Pre-Req/Co-Req?
None		

Registration Restrictions

None

Section 2. Review of Course

2.1. Will this be a unique or common course?

Unique Course

Prefix & No.	Course Title	Credits
NURS 322	Pharmacology	3
NURS 352	Pharmacology	3

Provide explanation of differences between proposed course and existing system catalog courses below:

NURS 322 and NURS 352 are limited to nursing majors and specifically focuses on pharmacology knowledge needed in nursing practice. The proposed course, PHA 330, will include pharmacology content for a broader range of allied health professions students.

Section 3. Other Course Information

3.1. Are there instructional staffing impacts?

Yes. Specify below: The College is currently looking at increasing faculty in pharmacology for this as well as other pharmacology courses taught within the College.

3.2. Existing program(s) in which course will be offered: Respiratory Care (B.S.)

3.3. Proposed instructional method by university: R - Lecture

3.4. Proposed delivery method by university: 015 - Internet Asynchronous – Term Based Instruction

3.5. Term change will be effective: Fall 2021

3.6. Can students repeat the course for additional credit? Yes No

3.7. Will grade for this course be limited to S/U (pass/fail)? Yes No

3.8. Will section enrollment be capped? Yes, max per section: 30 No

3.9. Will this course equate (i.e., be considered the same course for degree completion) with any other unique or common courses in the common course system database in Colleague and the Course Inventory Report? Yes No

3.10. Is this prefix approved for your university? Yes No

Section 4. Department and Course Codes (Completed by University Academic Affairs)

4.1. University Department: Pharmacy & Allied Health Professions

4.2. Banner Department Code: SPAH

4.3. Proposed CIP Code: 26.1001

Is this a new CIP code for the university? Yes No

- Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum.
Students in allied health professions majors require fundamental knowledge of pharmacology and its application to patient care. This course is intended to fill this gap in allied health professions education at SDSU. The course will be a required course in the B.S. in Respiratory Care program and will be available as an elective for students in other allied health professions majors.
- Note whether this course is: Required Elective
- In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course?
None
- If this will be a dual listed course, indicate how the distinction between the two levels will be made.
N/A
- Desired section size 30
- Provide qualifications of faculty who will teach this course. List name(s), rank(s), and degree(s).
TBD
- Note whether adequate facilities are available and list any special equipment needed for the course.
This course will be taught online. No special equipment is required to teach the course.
- Note whether adequate library and media support are available for the course.
Adequate library resources are available through Briggs Library and Wegner Health Sciences Library.
- Will the new course duplicate courses currently being offered on this campus? Yes No
- If this course may be offered for variable credit, explain how the amount of credit at each offering is to be determined.
N/A
