## PART-TIME & WORK-STUDY JOBS

Both the SDState campus community and Brookings community offer numerous part-time job opportunities to students who want a source of income to put toward college and other living expenses. Here are a few things to know as you start to explore your options for working while attending school.

### WORK-STUDY

This type of financial aid is awarded to qualifying students who complete a FAFSA. Work-study students have the opportunity to earn money by working a part-time job on campus. Students who are awarded work-study are responsible for obtaining employment by searching for work-study eligible positions on Handshake, the online job site provided to students by the Career Development Office, or on the South Dakota Department of Labor & Regulation (DLR) website. Some jobs are open only to students who have been awarded work-study. Before applying for work-study only jobs, verify for your eligibility with the Office of Financial Aid.

### PART-TIME JOBS

Students searching for part-time jobs, including those that are work-study eligible, have several resource options:

**Handshake.** Provided by the Career Development Office at [sdstate.joinhandshake.com/login](https://sdstate.joinhandshake.com/login). Use your MyState username and password to sign in using the blue Sign On button. Please note: To access your Handshake account, you will need to allow seven business days after you have registered for classes. Questions? Email [Careers@sdstate.edu](mailto:Careers@sdstate.edu).

**South Dakota Department of Labor site.** Search jobs at [southdakotaworks.org](https://southdakotaworks.org).

**Part-time Job Fair.** Each fall the Career Development Office and South Dakota DLR co-host a free part-time job fair for all students. More than 40 campus and community employers attend with the goal of meeting and hiring student-employees. This year, the fair will be held August 29 from 3:00-5:30pm in the Union VBR.

**Campus Offices.** Contact specific offices on campus to ask about student-employment opportunities.

### SDSU CAREER DEVELOPMENT

The Career Development Office at SDState assists students from their first year through graduate school. In addition to major and career exploration and preparation services, the office helps connect students to campus, community and regional employers who have available opportunities for seasonal, internship and entry-level positions. Throughout the academic year, the office also coordinates several additional job and internship fairs that are specific to academic majors and career interests. Students are also encouraged to search for positions on Handshake at [sdstate.joinhandshake.com/login](https://sdstate.joinhandshake.com/login).

## FINANCIAL AID PROCESSING

Federal financial aid is awarded to eligible students who complete the Free Application for Federal Student Aid (FAFSA). The FAFSA is available at [studentaid.gov](http://studentaid.gov). **The SDState school code for FAFSA is 003471.** Students whose FAFSA information does not reflect their current financial situation should contact the Financial Aid Office to discuss options. Students can view their financial aid offer including scholarships, grants, work-study, and loans on the Financial Aid Self Service portal in their MyState account.

## FEDERAL DIRECT LOANS

First-year students generally qualify for a total of \$5500 in Federal Direct Loans. Students who have financial need will receive a combination of Subsidized and Unsubsidized Direct Loans. Students without financial need will be offered Unsubsidized Direct Loans only.

The Direct Loan interest rate for the 2023-24 school year is fixed at 5.50%. Unsubsidized Direct Loans accrue interest from disbursement. Interest on Subsidized Direct Loans begins six months after the student graduates or drops below half-time enrollment status.

In order for Direct Loans to be processed, a student must:

- Accept the loans through Financial Aid Self Service in MyState
- Complete a Master Promissory Note (MPN) at [studentaid.gov](http://studentaid.gov)
- Complete Entrance Loan Counseling online at [studentaid.gov](http://studentaid.gov) listing SDState's school code 003471

## ALTERNATIVE SOURCES OF FINANCIAL AID

**Federal Direct PLUS Loan:** A fixed 8.05% interest rate loan available to eligible parents. The maximum amount awarded cannot exceed the cost of attendance minus other financial aid awarded. PLUS loans are disbursed in equal payments for fall and spring.

For more information, visit [sdstate.edu](http://sdstate.edu) (keyword: PLUS). Parents who receive a PLUS loan must complete the Direct Loan PLUS Master Promissory Note online at [studentaid.gov](http://studentaid.gov).

**Alternative Loans [private/non-federal]:** These loans typically require a co-signer and have variable interest rates based on the credit of the cosigner. For more information visit [sdstate.edu](http://sdstate.edu) (keyword: private loan).
