Prefix & No.	Course Title	Pre-Req/Co-Req?
NURS 800L	Introduction to the DNP-CNL Project Practicum	Co-Req

Registration Restrictions

Open only to Nursing (DNP) – Clinical Nurse Leader Specialization students.

Section 2. Review of Course

2.1. Will this be a unique or common course?

Unique Course

Prefix & No.	Course Title	Credits
NURS 880	DNP Project	1-8

Provide explanation of differences between proposed course and existing system catalog courses below:

NURS 880 is intended for advanced practice registered nursing students (APRN) and allows students to conduct an evidence-based practice project in the clinical environment. The proposed course is intended for CNL students, who are not considered APRNs, and allows students to conduct a quality improvement project in the clinical environment. It is an expectation of APRNs to conduct evidence-based practice projects while it is an expectation of CNLs to conduct quality improvement projects. Different frameworks are used for evidence-based practice projects and quality improvement projects, necessitating separate courses.

1. Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum.
Students in NURS 800-800L will gain an understanding of the process for development of an evidence-based quality improvement project, work with stakeholders within a health care system to identify a topic and complete a comprehensive review of the related literature. The DNP-CNL student will complete 120 hours in the clinical setting with an approved preceptor. This course is necessary to meet the DNP requirements for delivery of content and required clinical hours.
2. Note whether this course is: Required Elective
3. In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course?
None
4. If this will be a dual listed course, indicate how the distinction between the two levels will be made.
N/A
5. Desired section size 12
6. Provide qualifications of faculty who will teach this course. List name(s), rank(s), and degree(s).
Lori Hendrickx, Professor, EdD, RN, CNL, CCRN; Theresa Garren-Grubbs, Clinical Assistant Professor, DNP, RN, CMSRN, CNL
7. Note whether adequate facilities are available and list any special equipment needed for the course.
Courses will be delivered online, therefore, requiring no additional facilities. Students will work with a clinical partner to complete their project. With over 700 affiliation agreements, SDSU College of Nursing has well-established partnerships to meet these requirements. No special equipment is needed.
8. Note whether adequate library and media support are available for the course.
Library and media support are available on campus or via distance, therefore, sufficient for this course.
9. Will the new course duplicate courses currently being offered on this campus? Yes No
10. If this course may be offered for variable credit, explain how the amount of credit at each offering is to be determined. N/A
