COMMENTS/NOTES

This document is a guide meant to reflect what a 2-year plan for an associate degree in Sociology might look like. This plan may be adjusted to fit specific academic needs. Students will work with an academic advisor to create an individualized plan of study.

As part of the College of Arts, Humanities and Social Sciences, students in the associate degree program must complete:
- all required SGRs as indicated on the plan above
- a minimum of 60 total credit hours (the last 8 credits of 15 credits must be earned through SDSU coursework)
- a "C" or better in major coursework

Testing into a higher-level language course may reduce time to graduation. To begin coursework above the 101 level, take the free modern language placement test at https://www.sdstate.edu/modern-languages-global-studies/mfl-placement-information. Students with any modern language experience are strongly encouraged to complete the placement test.

Information Subject to Change. This is not a contract.
