5. TERMINATION WITH ENROLLED STUDENTS

a. Provide a justification for terminating the program:

The College of Education and Human Sciences requests to terminate the Aviation (B.S.) – Aviation Maintenance Management Specialization due to low student interest in the program. Over the past six years, the program's enrollment has averaged only four students with only 2 students completing the program to graduate over the same timeframe. The program completed an institutional program review in February 2024. Through the review process, the program's viability to be maintained was discussed at length and a decision was made to terminate the program.

b. What is the plan for completion of the program by current students?

Current students enrolled in the Aviation Maintenance Management Specialization are allowed to continue with their current program of study. SDSU currently has 5 students enrolled in the program. All students are anticipated to graduate no later than spring of 2028.
