1. Provide specific reasons for the proposal of this course and explain how the changes enhance the curriculum.

Changes in professional standards and guidelines necessitate the revision of the graduate curriculum. The changes to curriculum, which includes this course, will allow students to apply didactic knowledge in the clinical setting. Accreditation standards also require an increase in clinical hours, hence the development of this course.

2. Note whether this course is: Required Elective

3. In addition to the major/program in which this course is offered, what other majors/programs will be affected by this course?

None.

4. If this will be a dual listed course, indicate how the distinction between the two levels will be made.

N/A

5. Desired section size 12

6. Provide qualifications of faculty who will teach this course. List name(s), rank(s), and degree(s).

Robin Arends, Clinical Associate Professor, DNP

7. Note whether adequate facilities are available and list any special equipment needed for the course.

SDSU College of Nursing has over 700 affiliation agreements with clinical partners across the state and region. Health care partners in South Dakota have expressed a commitment to assist with clinical placement. No special equipment is needed.

8. Note whether adequate library and media support are available for the course.

Library and media support are available on campus or via distance, therefore, sufficient for this course.

9. Will the new course duplicate courses currently being offered on this campus? Yes No

10. If this course may be offered for variable credit, explain how the amount of credit at each offering is to be determined.

Practicum credits are taken to reach 1000 clinical hours and may vary by student (B.S.N. to D.N.P. or M.S. to D.N.P.).
